SAINT OF THE WEEK –
EXAMPLES OF OUR FAITH

St. Andrew of Crete

St. Andrew of Crete (650-c.726) also known as St. Andrew of Jerusalem, was born in the Syrian city of Damascus to devout Christian parents. According to legend, he was mute until he was 7 years old and miraculously cured after he received his First Holy Communion.

As a young teenager, Andrew entered a monastery near Jerusalem. His exceptional qualities quickly caught the attention of his superiors, leading to his appointment as Archdeacon by Theodore, the Patriarch of Jerusalem at the time. The Patriarch of Jerusalem is the head bishop of the Greek Orthodox Patriarchate of Jerusalem. Theodore also sent Andrew to represent the Church at the Sixth Ecumenical Council in Constantinople called by Emperor Constantine, playing a role in addressing the heresy of Monothelism. This Sixth Council was pivotal in establishing that Jesus had both divine and human nature.

St. Andrew of Crete would go on to become an influential theologian, bishop, and hymnographer. Around the year 700 he was appointed Archbishop of the city of Gortyn, on the island of Crete. His service to the Church included charitable work for the poor and orphaned and he is credited with introducing the canon, a new form of hymn, into the liturgy.

His most renowned work, the Great Canon, is a masterpiece that guides the faithful through repentance and a return to God. To this day, the Great Canon is chanted twice a year in Eastern Orthodox liturgies during Lent. It takes around three hours to complete and includes more than 200 full-body prostrations along with its many odes, litanies, and refrains.

While the exact date of Andrew's death remains uncertain, it is known that he passed away on the island of Mytilene while returning to Crete from Constantinople. St. Andrew of Crete, pray for us!

Divine Mercy Sunday

Where did the feast of Divine Mercy come from?

Answer:

If you were born well before the year 2000, you know the feast of Divine Mercy has not always been celebrated in the Church. In the early 1900s, a young Polish nun began receiving private revelations. Jesus appeared to her during her times of prayer, speaking a message of mercy and love for the world. She received a set of prayers — the Divine Mercy Chaplet — and the request to have a feast day established to remind the Church of the mercy of God. St. Faustina died in 1938, on the cusp of war and in the midst of one of the most violent centuries in the history of the world.

Her story and her diaries began circulating in Poland and beyond. It quickly became apparent that this was a holy young woman, and the cause for her canonization opened. In the year 2000, she was canonized by the first-ever Polish pope, St. John Paul II. On her canonization day, he established the second Sunday of Easter as Divine Mercy Sunday, “a perennial invitation to the Christian world to face, with confidence in divine benevolence, the difficulties and trials that mankind with experience in the years to come.”
